Harrisburg, Pa.

Dear Quentin,

I do hope you will forgive my paper but I am writing in Study Hall and this is all I have with me. you can take it from that that I have started school here in Harrisburg. This is my second day and I believe I will like it altho it is really too soon to say because I haven't met any one yet.

I am only taking three subjects because John Harris is very crowded this year. I was lucky to get in at all I guess. My schedule is as follows Spanish, Study hall, Chemistry (I am repeating it because I liked it so well under Prof), Study Hall, Lunch, Study hall and English. There is another period called Activity Period but I don't stay for that because I figure three in one day is just about ~~enough~~ plenty for one person. And last year I was hafforing because I only had two per week. Some difference don't you think?

There is a long story connected with my starting school and the reason this letter is so late. I got down here on August 30th. The next day I went to see the principal and he said he couldn't place any Post Graduates until a week from the following day which was on a Friday. I went home and Mother & I decided I might just as well go back to Wellchoss 'cause I wanted to any how so I went but I didn't come back till day before yesterday which was Sunday and I really hadn't intended to come until Tuesday because Mother had to be there to note. Any how here I am and I miss Mary Lou, Hazel and Carl (Mary's sister & brother in law) like the dickens. Love me.

I was awfully glad to hear all about your school. It was very interesting and it made me want to go to a school like that. You certainly must have lots of fun teaching in such a well equipped school.

The last paragraph in your letter before last said "Don't flirt with too many truck drivers etc." I was merely reproving you for thinking I would do such a thing. Don't you know that I'm a very good little girl and I'm so bashful I don't dare look a fella

in the face. Hm. hm -

I know you will be glad to know the results of my summer work. I put \$51.05 in the bank at Haleton and the mth I quit I had \$25 in my purse. That is going to pay my way to the fair if I go which I hope to do. Besides that I earned about \$8.00 when I went up this last time and I have lived on my-self all summer besides. I'm rather proud of my self, more so than I would be any how because no one thought I would stick to the job or could save any money at all.

My brother, Casper, who graduated from Penn State's two year course in June, now has a job with the Cow Peating Association. His headquarters is Clarion, Penna. but he says he is really living in a suitcase because he has to do so much traveling. He seems to like his work a lot so I imagine he is rather contented altho he has no friends in that section.

I wonder if you know that Miss Clark resigned from Gaines in order to get married in the near future, that Miss Smith is married and has resigned, that Miss High is married although she is still teaching and that Miss Brennan is no more. I can't confirm the last because I only heard it Sunday. The report is that she resigned the week before school started but no reason was given to me. I am going to write her at once and find out the why and wherefore if I can.

Miss High married that Harry School from Haleton and I believe she plans to commute from there. It's my idea that Miss High had a lot to do with Miss Brennan's not coming back.

I started this yesterday in Study Hall and here I am again today. Maybe I can finish it this time.

I got home from school yesterday and found the house empty. I was so lonesome and blue I got all dolled up and went down town to the movies. I saw "The Women". I thought it was a very good picture but perhaps you wouldn't like it because it really is for the women.

Now that I'm here I would appreciate getting lots of letters so please don't forget me and when you can find nothing better to do drop me a line or two.

The weather today is enough to make anyone gloomy. There isn't a steady shower, merely a nice continuous drizzle. You know, the kind that makes you think you will go nuts. The only thing I'm worrying about is I haven't seen Paul to go.

Will you be in Allentown's school all the year around? Won't you ever be up this way? I would love to see you, really.

I better stop this drip before you get too bored.

Very Sincerely yours,
Elizabeth
